

K-LOVE is extremely important to myself and the community. It is the only commercial free christian radio station. It is a station that I and the community can continually count on to provide christian music and christian commentary. It is completely child friendly. I never have to worry about what my child will hear from this station. There is only one other christian station in the area and the community would be hurt if K-LOVE went off the air. It would be replaced with something that isn't child/family friendly, has a ton of commercials, and would eliminate a christian station. I believe that K-LOVE offers a great service of encouragement and hope to the public. We need stations like these to continue and expand. We need family friendly and family oriented stations to better the community and build up families, making America stronger. Stations like these have great music, but also great messages and we need more of them. It would be very depressing if K-LOVE was displaced in my community. That is the station I always listen to.
